- BS Psychology, University of Washington

Professional Experience

He is the Academic Program Director of the Doctor of Education in Leadership program in the School of Applied Leadership.

As a postdoctoral fellow at the University of Washington, Joel explores the relationship between intellectual/developmental disabilities, schools, and families. He served in the Washington State Governor's Office developing leadership capacities in diverse communities across the state.

He also serves as Vice President of the board of The Washington State Charter Schools Association, as well as served on the founding board of the Washington State Family and Community Engagement Trust.

He served on the strategic planning task force for Seattle Public Schools, the Washington State Commission on Asian Pacific American Affairs Education Committee, the Seattle Special Education PTSA, and the University of Washington's Haring Center.
